Friends of Mahoning Valley
Birth Center

Giving support to pregnant women
& new moms in the Mahoning
Valley.

What *FRIENDS* are for.....

Friends of the Mahoning Valley Birth Center is a non-profit group formed in 2012 to give support to pregnant women & new moms in the Mahoning Valley.

Our purpose is to help families have healthy pregnancies & birth experiences as well as support mothers in caring for themselves and their children after birth.

Our activities are centered at the Mahoning Valley Birth Center and are designed to help educate and enhance the families' experience of pregnancy and birth.

Our main goals and contributions include but are not limited to the following:

- Providing REAL Breastfeeding Bags to every new mom after delivery
- Hosting a bi-weekly Coffee Klatch
- Provide and maintain children's area in Birth Center

Classes/lectures
Services Directory
Lending Library

All funds raised go directly toward providing support, education, and services to local moms and families of the Mahoning Valley!

Love, Support & Education

Breastfeeding Bags

Every new mom that delivers at the Mahoning Valley Birth Center will receive our Breastfeeding Bag which includes a variety of pro-breastfeeding products, samples, and information to help support her breastfeeding goals for her baby and to help guide her throughout her mothering and breastfeeding experience.

Presentation of BF Bag to first family at MVBC Grand Opening

Coffee Klatch

Every other Thursday, moms and moms-to-be in the Valley are invited to come and enjoy a cup of coffee or tea, relax & connect with other women. This is an opportunity to find support, build friendships, and participate in our local community.

Children's area

The children's area is fully furnished, decorated, and maintained by Friends of MVBC. It is an area to provide comfort and entertainment to the child siblings who may be awaiting the arrival of their new baby brother or sister and for those attending various activities at the birth center. Toys and books provided are carefully selected to be mentally stimulating, safe, and contribute to the serene atmosphere of the center as a whole.
